Not far from resp. in walking distance from U2-Station Seestadt. Public Parking Garage on site.

!!! SWINGING INTO THE TWENTIES !!!

Square Dance is a lot of fun, is action for brain and body!

Difference to *Line Dance*: At Square Dance, one doesn't know in advance, what to dance. Everything happens spontaneously by the Caller's commands. Important: Concentration, Figure-Knowledge.

Square Dance, from America, is on the way to a trendy leisure-activity. It's no classical dance, but movement in walking-steps. Previous dancing-knowledge and turning up pairwise is not required.

The absolute advantages:

- You may take part as well without partner
- The perfect alternative for people, who don't like to go to dancing school
- It's never boring, as every dance is put together differently
- No permanent learning of choreographies, but only once of figures
- Suitable really for everyone, without age-limit

Square Dance – fascinating for Singles, Pairs, Families!
